## SAN FRANCISCO STATE COLLEGE

### SUMMER SESSION

JUN 29 '46

Number One

#### GREETINGS

It is a pleasure to welcome to our campus this summer regular students, veterans, and teachers in service. We are trying to provide a program to meet the needs of all of you, not only in classroom, workshop, and field trips, but in terms of social and cultural contacts in the school and within the city. San Francisco is noted for its cultural opportunities and we hope that you will take advantage of the music, drama, and field trips that are open to you so that it may not only broaden your education but that you may enrich your experiences far beyond those received in the classroom. We are glad you are here. We want you to tell your friends about the opportunities available here, and we would like at all times to have your suggestions as to how we may improve our program. You have made a wise choice in coming here. There is no better place to spend the summer. Greetings and a pleasant, profitable summer to all.

J. Paul Leonard  
President of the College

Sign up for trips in which you are interested as early as possible.

#### HOLIDAY

You may be sad to learn that Thursday, July 4, and Friday, July 5, will both be holidays. While we realize, of course, that you will be wretched over the thought of absence so long, we must think of the poor faculty and their need for rest.

Boston as the "romantic" cities of our country. We want to identify our summer session with this unique reputation, and welcome you not only to our classes, but to the stimulating atmosphere surrounding us.

You received when registering a mimeographed announcement entitled "Cultural and Recreational Attractions of the Summer Session and the Community." (Or you can get a copy in Room 102.) This is a helpful source of information if you want to make of these six weeks a really exciting and enjoyable experience. In this announcement you will find many suggestions for profitable and pleasant diversion both within and beyond the college halls.
